

# Supply Chain Management (SCM)

## SPEED STEP DIMENSION

# Supply Chain Management - SPEED STEP DIMENSION

Optimize the purchasing with our modern supply chain-application.

This modern web based application provides a **central information and communication system** for the supply chain partners. All the participating partners work on the same web-based platform which allows the partners get all important information such as product data, quality control results, order and shipment information across the supply chain **worldwide**. To complete the solution, it can be integrated with modules like the **Speed Step SRM (Supplier Relationship Management)** and **Speed Step Final Inspection**.

## Your goal is our goal
